What is Hospice Care?

A hospice is not just a building. It is a way of caring for people. Hospice care aims to improve the lives of people who have a progressive life limiting illness. We aim to deliver care to people who have a deteriorating condition and preserve their quality of life. The highest value is put on respect, dignity and choice. We not only take care of physical needs, we consider emotional, spiritual and social needs, and we also support family, carers and close friends, both during the illness and bereavement

Care @ Home Project

The Care @ Home project offers hospice care at home with regular contact by specialist nurses to address the emotional and psychological needs of patients and carers.

Day Services and Drop In

Day Services and Drop-in aims to support any patients with life limiting illness, their carers and family members to manage symptoms, improve confidence and improve quality of life. What we can offer is a supportive environment, care and companionship, recognising and addressing patient's needs, information giving and bereavement support.

Therapeutic Care

Our wide range of therapies include complementary therapies such as Reflexology, Aromatherapy and Massage together with Creative Therapies in particular Music therapy and counselling.

In-patient Care

Kilbryde Hospice has a 12 bed in-patient unit where we will provide care to our patients with life limiting illnesses. As part of our phased approach, we plan to have this service running by summer 2016.

Kilbryde Hospice Lucky 500 Club

The 'Lucky 500 Club' is part of a range of fundraising activities offered by Kilbryde Hospice, allowing us to raise funds for the charity while also offering participants the opportunity to win something back with one of our monthly prizes.

How It Works

Sign up for the 'Lucky 500 Club' and you will be allocated 5 unique numbers, giving you 5 chances to win each month! The numbers are unique to you so there is never any chance of having to split a prize. You can purchase as many groups of 5 numbers as you wish, each lot costing £5 per month. Each month, 5 winning numbers are randomly picked using a random number computer programme, and the winning numbers will be highlighted in the local press, with the winners also being automatically contacted with their prize.

Are there any club rules?

Not many, but like everything we have a few!

- The minimum age for membership is 16.
- There is no upper limit to the number of members in the 'Lucky 500 Club'.
- Anyone associated with the running of the 'Lucky 500 Club', including staff and directors of Kilbryde Hospice, will be excluded from membership.
- Membership of the 'Lucky 500 Club' starts at £5 per month for a minimum allocation of 5 numbers in the monthly draw.
- The monthly draw will take place on, or as soon as practical to, the 1st of each month.

Where does the money go?

All monies raised from the 'Lucky 500 Club', once the 5 cash prizes have been awarded, goes directly towards Kilbryde Hospice. As we now move towards starting the build of the new hospice, our fundraising efforts have changed, from initially being an appeal to build a new hospice, to now having the finance to build the hospice, but changing the funding need to providing the new improved services and equipment of the new hospice.

Your involvement helps us to continue to improve and develop an increased range of hospice services as we plan our transition from providing a Day Hospice service within the Red Deer Centre, to a new improved hospice service as our new build Hospice becomes a reality.
